

OIL PAINTING SUPPLY LIST

SURFACES

I use stretched canvas. Feel free to use what you have...you can even tone-over old paintings. Toned is better. I use leftover paint at the end of a session to tone new ones. Small canvasses will work better for this class - 16 x 20 or smaller. Not too small - nothing smaller than 11 x 14 as we will be standing up and painting expressively. Small surfaces are too timid.

BRUSHES

Note — Brush sizes are not standardized. The length and width of a brush of a given shape and size varies considerably by manufacturer. Since fine art brushes are handmade, expect some variation even among brushes from a given manufacturer. I use bristle brushes as I like the stroke-making to show. My favorites are Escoda Series 4729 long hair filberts made in Spain. They are available at All Media in Kent and Dick Blick. We will be working with size 20 and smaller.

PAINT

I use mostly Winsor & Newton but am currently trying some Charvin from France.

Feel free to use whatever you have. My palette includes:

- ✓ Alizarin Crimson — *Cool Red w/ Brown, Blackish*
- h Cadmium Red
