## **A NEW FACE FOR A NEW ERA**

Cuyahoga Valley Art Center is proud to welcome the new year with brand new exterior signage! Thanks to the support of the Sisler McFawn Foundation and the Akron Community Foundation, we were able to revamp the front of our building with new graphics on the windows and a new bladed sign. This is the first sign to adorn the front of our building since its purchase in 1989. We are excited to continue growing within the redeveloped downtown Cuyahoga Falls. Now our signage is visible from Front Street and Portage Trail. We would like to thank OhioBoy Design Co. for their wonderful logo design, Central Graphics for coordinating and installing the vinyl graphics and bladed sign, and the City of Cuyahoga Falls Historical Review Board and City Council for their support as we move forward into this new era.

# A MESSAGE FROM THE EXECUTIVE DIRECTOR

Dear Arts Community,

Over the holidays, our Board of Directors was busy at work on our lower level, improving our aging facilities. We had to make some big changes to increase space for our growing class sizes. We strategically moved our cabinets in the main classroom space. This opened up the classroom, tidied up our sink area and helped us to create a dedicated glazing room. Thanks to all of these adjustments, we were able to add an additional kiln to our ceramics program to help keep up with production. We will continue to improve upon this space as time goes by. If you have not had the opportunity to check it out, we encourage you to stop by and take a look!

None of these improvements could have happened without the generous support of our grantors, our arts community and a significant contribution from dedicated patron of the arts, Bob Tazuma. I would like to thank our entire Board of Directors, especially Ed Monaco, Sandy Stadelman and Chelby Benson for all their hard work and their commitment to our art center. We would not be where we are without them.

And thank you to everyone for the well wishes as we welcomed my daughter Allison May into the world. She was born October 27, a healthy 5 pounds, 9 ounces and 19 inches in length. She enjoyed meeting her family over the holidays and now has fun with her new friends in daycare.

*Welcome to the world Ms. Allison May Mino!*

Warmest regards,  
**Danielle Dieterich**  
**EXECUTIVE DIRECTOR,**  
**CUYAHOGA VALLEY ART CENTER**

*Thank you to everyone who attended our SOLD OUT Annual Holiday Party! It was a fun event, and everyone enjoyed meeting our Executive Director's newest addition Allison May, born 10/27/19 - 5 pounds, 9 ounces and 19 inches in length.*

## STILL LIFE WORKSHOP

Amy Gibson                      March 28-29, 9:30 am - 4:30 pm  
Member: \$150                      Non-Member: \$175

**BEGINNER TO ADVANCED LEVEL OIL PAINTING** – In this workshop you will learn how to paint a still life in oil using the direct painting method. We will go over lighting, composition, transferring a drawing, underpainting techniques, color and color theory, and the importance of edge quality.

Working from direct observation is an important tool for learning how to paint. Your eye picks up so much information that is often lost in a photo. This workshop gives you a process that works and is also a great foundation for starting and completing your paintings.

**BEGINNER TO ADVANCED** – From non-objective expressive play to reality, this workshop helps you open up your drawings and paintings by allowing more artistic expression to come into play. The major focus of this workshop is on shape, utilizing design elements and

principles to strengthen the work. Goals include accuracy in draftsmanship, utilizing value to its best advantage and to understand movement around the composition.

Each participant receives clay, a garden stake and all other materials and instruction needed to create an ornate, colorful topper to integrate into your plantings. Ornaments made during the workshop, will be fired and glazed for pickup at a later date to be determined.

Early registration is advised as student numbers are limited. This will ensure a place in our programs. Students are accepted on a first-come, first-served basis. A non-refundable \$50 deposit is required to secure a place within a workshop. Payment must be made in full 14 days before the first day of workshop. No refunds will be issued if requested within 14 days of the first day of workshop.

## CVAC ENHANCING CHILDREN'S ART PROGRAMING AT FALLS LIBRARY

CVAC's partnership with the Falls Library is now in full swing at their local library, supporting the artistic development of participants Pre-K through 1st grade. The library infused the visual arts into their Story Times, creating **Art Story Times!** The November **Art Story Times** featured fiber and yarn art activities. The kids also made their own sock puppets. Over 40 people attended the November **Art Story Times**. The December **Art Story Times** featured landscapes and textures. The kids made salt painting trees, bubble wrap paintings and shaving cream marbled paintings. The December **Art Story Times** drew in over 60 people! Some of the kids wanted their creations displayed in the gallery space at the library, so they went ahead and put them up for all to see.

Our partnership also helped create a monthly arts-based programing called **Kid's Create!** In January participants explored paint pouring, string art and spin art. This monthly event drew in over 60 people to the library, some for the first time! Our community is looking forward to the February **Kid's Create** which will be all about art using food and the March **Kid's Create** which will be a spring break **Art-a-Palooza**.

We are proud to support such a wonderful organization and the artistic development of our community's youth. None of this could have happened without the generous support of Peg's Foundation.
